

ENGINEERS AT THE CAPITOL DAY 2026

JANUARY 27, 2026
8:30 a.m. - 11:30 a.m.

HOW TO TALK TO YOUR STATE LEGISLATORS:

You may request to speak with your representatives while the Chambers are in session by sending in a slip with the House or Senate pages. There are white slips on the House side and yellow slips on the Senate side. On this slip, you will put your representative's name, your name, address, and what you wish to speak with them about. Your address is key, as they will know you are a constituent. The pages will take the slip into the Chamber, and the representative will come out and meet you on the "ropes." The "ropes" are literally red ropes designed to keep the public on one side and the elected officials on the other.
